Structural Engineering	Pavement Design
Geologic Studies	Storm water Quantity & Quality Analysis &
Slope Stability and Landslide Analysis	Mitigation

WHAT WE HAVE DONE

National Telecommunications Companies—Black Mountain staff have conducted thousands of geotechnical investigations, NEPA assessments and Phase I & II Environmental Site Assessments for the telecommunications industry over the past 15 years.

Oregon State Radio Project – Black Mountain staff completed the majority of the environmental regulatory compliance and geotechnical engineering on the state-wide telecommunications project.

BendBroadBand – Black Mountain staff completed the environmental regulatory compliance for the BendBroadBand project on behalf of the US Department of Commerce.

Environmental Due Diligence – Black Mountain staff have completed several thousand Phase I and/or Phase II environmental site assessments for the banking industry over the past 16 years.

Environmental Training – Black Mountain staff are certified with the Oregon Real Estate Board to provide continuing education credit training on environmental due diligence.
